HSC Assessment Schedule Summary 2023-24	65

Introduction

The Higher School Certificate is issued by the NSW Education Standards Authority (NESA). On your HSC testamur there will be two marks for each **two unit NESA Developed Course** you present; one is your HSC external exam mark, the other is your school assessment mark. Each is out of 100.

For any 1 unit extension course you present, there will also be two (2) marks, each worth 50%

- HSC external exam mark;
- School assessment mark;

HSC assessment occurs during the HSC Year only. No marks from assessments held during the Preliminary courses are included. The one exception is mathematics. Please read carefully the assessment guidelines for all mathematics courses, standard mathematics, mathematics extension 1, mathematics extension 2 and advanced mathematics.

The school assessment mark:

- enables us to measure your achievement on course objectives that are difficult to assess in an external exam e.g. how you carry out practical work;
- enables us to assess you a number of times, throughout your course.

It should be noted that the HSC mark is an assessment of actual performance, **NOT** potential performance. The HSC assessment mark cannot be modified to take into account illness or domestic situations.

Any tasks listed as Term 4, will occur during Term 4 of Year 11, 2023.

Faculty Policies

Each faculty in the school has worked out its own assessment policy for each subject in the faculty. You must read and understand the policy for each of the subjects you are studying for the HSC.

Each subject policy includes:

- the **syllabus components and outcomes** to be assessed.
- the **weightings** for each component.
- the **type of tasks** that will be set, e.g. class test, essay, research project, diary record, trial HSC;
- an **indication** of when the task will take place.

No task will be worth more than 40% of the total mark.

NOTE: if you do not complete 50% of school assessment tasks you will be ineligible for the HSC.

Rules for Assessment

The following rules will apply for assessment tasks:

- 1) HSC Assessment will not commence until Term 4 of 2023;
- 2) You will be given at least **2 weeks' notice** of the exact date on which a task will be sat or submitted;
- 3) If a task has to be postponed, you will be given at least **3 days' notice of the rescheduled date**;
- 4) **The maximum number of tasks** for a 2 unit course is 4 including the Trial HSC. The maximum number of tasks for an extension course is 3, including the Trial HSC.
- 5) **No assessment tasks** will be scheduled in the two weeks prior to the Trial HSC exams. (The submission of externally marked projects and/or major works may still take place).
- 6) A substitute task may only be granted following non-attendance or late submission if all the relevant conditions are met:
 - (a) Prior notification (unless impossible) of absence from the task (e.g., by telephone);
 - (b) Completed **"Application for Consideration"** (refer Attachment 3, p62-63). This must be completed in all instances of non-attendance including but not limited to illness, school business or any misadventure. (Note: All cases of school business must have prior approval from the Principal);
 - (c) A doctor's certificate must be furnished where illness (i.e., student is too unwell to attend/submit task) is involved. The school reserves the right to contact the doctor to verify the authenticity of the certificate. The doctor's certificate must cover the day of the task and any subsequent absence up to the day of return to school.
 - (d) Documentation regarding non-illness related absences. (*Refer above 6.b*)
 - (e) **"Application for Consideration"** must be handed to the **Head Teacher** on the **first day of return to school**, who will forward the original to the Principal. Each case will be considered by the Head Teacher of the faculty concerned on its merits. The absence must be considered valid before a substitute task will be granted. Students may appeal the decision of the Head Teacher with the Principal. **Submit** your **"Application for Consideration"** on the **"Assessment Task Illness/Misadventure Application Form"** at the end of this booklet. (Refer Attachment 3 p62-63).
- 7) **It is the responsibility of the student to contact the Head Teacher on the first day of return to school following a missed task** and request a substitute task. Failure to do so will result in zero marks. The student must be prepared to sit the task or submit the task at the agreed time;
- 8) **Substitute tasks may be more difficult** as a student will have had time to prepare for them;
- 9) **Truancy** will automatically result in **zero marks**. Also failure to attend school lessons on the day of the assessment task may result in zero marks;
- 10) **Vacations** taken outside normal school holidays will **NOT be accepted as a valid reason** for absence from an assessment task and will automatically result in zero marks unless prior arrangements are made with the Principal. (This will occur in exceptional circumstances only)
- 11) **Any breach of exam rules** in an assessment task may result in **zero marks**;
- 12) Late submission of tasks without a valid reason will result in **zero marks**;
- 13) An estimate rather than a substitute task will only be given in exceptional circumstances.

Rules for Assessment (Cont'd)

- 14) **Completed tasks for submission must be handed personally to the teacher who set the task/s** (or nominated member of staff) at the time specified by the teacher which is no later than 3.20pm on the day the task is due. Failure to do so will result in **zero marks**;
- 15) If a task fails to discriminate among candidates, the Head Teacher may decide to reduce the weighting of the task/s and set an extra task. In extreme cases, an invalid task will be discarded completely. At least 2 weeks' notice will be given for the alternative task.
- 16) The rank of students who enrol after the commencement of HSC courses will be determined by moderation.

Appeals

Following your final HSC exam you can collect from the Principal, your "Assessment Ranking Notice" which lists your overall rank based on internal assessment in each course you have studied, based on your achievement in all the assessment tasks. You will not be given a final assessment mark for any course, only an assessment rank.

If you believe there has been a clerical or mathematical error in calculating your rank, you may lodge an appeal with the principal following your final HSC exam. In unresolved cases, an appeal to NSW Education Standards Authority can be made. You will be informed of the date by which appeals must be lodged.

Non-Completion of Subject (N Awards)

- 1) In order to be satisfactory in each of your courses, you must make a genuine attempt at tasks worth more than 50% of the available marks. Failure to do so will result in an "N" determination.
- 2) You must also meet the general course requirements – there will be many assignments, tests, and course work set during the course which will not count directly towards your HSC Assessment. These must **NOT** be seen as non-essential as they form a very important part of your course. They help you to learn, revise and consolidate your work, they give practice for assessment tasks, and they may count towards your report marks. If you do not satisfactorily complete the course (which includes non-assessment tests, assignments, practical work, etc.) you may receive an N determination in the subject.

If you are in danger of receiving an "N" determination you will receive **a minimum of two (2) written warnings**.

You must have ten satisfactory units (10 Units) in the required pattern to qualify for the Higher School Certificate.

This should be read in conjunction with school assessment procedures -

http://www.mosmanhighschool.com.au/years/documents/mhs_assessment_procedures.pdf

Please note that throughout this booklet, Term 4 (Year 11) refers to the last term of the current year 2023 and Terms 1,2,3 refer to 2024.

DRAMA – OBJECTIVES AND OUTCOMES

MAKING

Through drama, students will develop knowledge and understanding about and skills in:

1. Using drama, through participation in a variety of dramatic and theatrical forms. Making drama and theatre, using a variety of dramatic and theatrical techniques and conventions.

A student:

- 1.1 uses acting skills to adopt and sustain a variety of characters and roles;
- 1.2 uses performance skills to interpret and perform scripted and other material;
- 1.3 uses knowledge and experience of dramatic and theatrical forms, styles and theories to inform and enhance individual and group devised works;
- 1.4 collaborates effectively to produce a group-devised performance;
- 1.5 demonstrates directorial skills;
- 1.6 records refined group performance work in appropriate form;
- 1.7 demonstrates skills in using the elements of production

Values and attitudes through the: collaborative nature of drama and theatre:

A student:

- 1.8 recognises the value of the contribution of each individual to the artistic effectiveness of productions;
- 1.9 values innovation and originality in group and individual work

PERFORMING

Through drama, students will develop knowledge and understanding about and skills in:

2. Using the elements of drama and theatre in performance performing in improvised and play built theatre and scripted drama.

A student:

- 2.1 demonstrates effective performance skills;
- 2.2 uses dramatic and theatrical elements effectively to engage an audience;
- 2.3 demonstrates directorial skills for theatre and other media.

and value and attitudes about: The diversity of the art of dramatic and theatrical performance.

A student:

- 2.4 appreciates the dynamics of drama as a performing art;
- 2.5 a performance.

CRITICALLY STUDYING

Through drama, students will develop knowledge and understanding about and skills in:

3. Recognising the place and function of drama and theatre in communities and societies, past and present. Critically studying a variety of forms and styles used in drama and theatre.

A student:

- 3.1 critically applies understanding of the cultural, historical and political contexts that have influenced specific drama and theatre practitioners, styles and movements;
- 3.2 analyses, synthesises and organises knowledge, information and opinion in coherent, informed and oral and written responses;
- 3.3 demonstrates understanding of the actor-audience relationship in various dramatic and theatrical styles and movements.

and values and attitudes about: Drama and theatre as a community activity, a profession, and an industry. A student:

- 3.4 appreciates and valued drama and theatre as significant cultural expressions of issues and concerns in Australian and other societies;
- 3.5 appreciates the role of the audience in various dramatic and theatrical styles and movements.

Student Assessment Schedule 2024

ENTERTAINMENT INDUSTRY

Assessment Tasks for CUA30420 Certificate III in Live Production and Technical Services		Cluster 4	Cluster 5	Cluster 6	Trial HSC Exam
		Working in the Industry	To Project and Serve	Showtime	
		Week 8 Term 4 2023	Week 7 Term 1 2024	Week 8 Term 2 2024	
Code	Unit of Competency	Assessment Due			Weeks 2/3 Term 3 2024
CUAIND311	Work effectively in the Creative Arts Industry	X			HSC Examinable Units of Competency
SITXCCS006	Provide service to customers		X		
CUASOU306	Operate sound reinforcement systems		X		
CUAVSS312	Operate vision systems		X		
CUASTA311	Assist with production operations for live performances			X	
CUASMT311	Work effectively backstage during performances			X	
CUAIND314	Plan a career in the creative arts industry			X	

Depending on the achievement of units of competency, the possible qualification outcome is a **Statement of Attainment towards CUA30420 Certificate III in Live Production and Technical Services.**

Schools may schedule examinations in preparation for the HSC exam. These do not form part of the RTO assessment requirements.

The assessment components in this course are competency based. This means that students need to demonstrate that they have gained and can apply the specific knowledge and skills of each unit of competency. Competency assessment is graded as “not yet competent” or “competent”. In some cases other descriptive words may be used leading up to “competent”. A course mark is not allocated.

Aural	25	15			10
Electives: Performance or Composition or Musicology	45		10	15	20
TOTAL	100	25	20	25	30

Students must complete for the HSC.

1. Mandatory Listening Examination (1 hour in length)
2. Mandatory Core Music performance (5 minutes maximum time)
3. Three Electives that can be combination of Performance, Composition or Viva Voce

* Student can choose 3 of the same elective, i.e. 3 X Performance or any combination of the above mentioned.

MUSIC 1 STUDIES – OBJECTIVES AND OUTCOMES

A student develops knowledge and skills about the concepts of music and of music as an art form through performance, composition, musicology, and aural activities in a variety of cultural and historical contexts.

Through activities in performance, composition musicology and aural, a student:

- H1. performs stylistically, music that is characteristic of top studied, both as a soloist and as a member of an ensemble;
- H2. reads, interprets, discusses and analyses simple musical scores that are characteristic of the topics studied;
- H3. improvises and composes music using the range of concepts for familiar sound sources reflecting the cultural and historical contexts studied
- H4. articulates an aural understanding of musical concepts and their relationships in a wide variety of musical styles.

A student develops the skills to evaluate music critically.

Through activities in performance, composition, musicology and aural, a student:

- H5. critically evaluates and discusses performances and compositions;
- H6. critically evaluates and discusses the uses of the concepts of music in works representative of the topics studied and through wide listening.

A student develops an understanding of the impact of technology.

Through activities in performance, composition, musicology and aural, a student:

H7. understands the capabilities of performing media, incorporates technologies into composition and performance as appropriate to the topics studied;

H8. identifies, recognises, experiments with, and discusses the use and effects of technology in music.

A student develops personal values about music.

Through activities in performance, composition, musicology and aural, a student:

H9. performs as a means of self-expression and communication;

H10 demonstrates a willingness to participate in performance, composition, musicology and aural activities;

H11 demonstrates a willingness to accept and use constructive criticism.

MUSIC 2	Task Number	Task 1	Task 2	Task 3	Task 4
	Term	Term 4 2023	Term 1 2024	Term 2 2024	Term 3 2024
	Week	Week 8	Week 8	Week 8	Weeks 2/3
	Type of Task	Core Performance Mandatory Topic: Music of the last 25 years (Australian Focus) Solo or ensemble performance (Mandatory topic) with viva voce analysing the chosen work Sight singing	Core Composition Mandatory Topic: Music of the last 25 years (Australian Focus) Composition portfolio work in progress	Electives Additional topic Presentation of Elective(s) – performance/ composition or musicology	Trial HSC Examination Musicology and Aural Skills Examination. Melodic and rhythmic notation exercise and short responses to aural excerpts and unseen scores with reference to compositional techniques and stylistic features Sight singing Performance of final program
Syllabus Components	Outcomes Component Weightings	H1, H2, H5, H6, H7,	H3, H5, H6, H7,H9	H1 – 9*	H2, H4, H5, H6, H8
Performance	20	10			10
Composition	20		20		
Musicology	20				20
Aural	20	10			10
Elective	20			20	
TOTAL	100	20	20	20	40

- Teachers will select appropriate outcomes based on Elective options selected by each student.

MUSIC 2 STUDIES – OBJECTIVES AND OUTCOMES

Through activities in performance, composition musicology and aural, a student:

Objective: to continue to develop musical knowledge and skills, an understanding of music in social, cultural and historical contexts, and music as an art from through activities of performance, composition, musicology and aural.

H1. performs repertoire that reflects the mandatory and additional topics and addresses the stylistic and technical demands of the music as a soloist and as a member of an ensemble;

H2. demonstrates an understanding of the relationships between combinations of the concepts of music, by interpreting, notating, notating, analysing, discussing, composing and evaluating combinations of musical symbols, reflecting those characteristically used in the mandatory and additional topics;

H.3 composes works focusing on a range of concepts for familiar and unfamiliar sound sources, solo, small and large ensembles, or using a variety of musical structures;

H.4 stylistically creates, improvises, arranges and notates music which is representative of the mandatory and additional topics and demonstrate different social, cultural and historical contexts;

H. 5 analyses, discusses, evaluates and clearly articulates compositional processes with stylistic, historical, cultural, social and musical considerations;

Objective: to develop the ability to synthesise ideas and evaluate music critically

H.6 discusses, constructively criticises and evaluates performances and compositions of others and self with particular reference to stylistic features of the context;

H.7 critically evaluates and discusses in detail the concepts of music in works representative of the mandatory and additional topics;

Objective: to develop an awareness and understanding of the impact of technology on music

H. 8 understands the capabilities of performing media, incorporates technologies into compositions and performances as appropriate to the contexts studied;

H. 9 identifies, recognises, experiments with and discusses the uses and effects of technology in music;

Objective: to develop personal values about music

H.10 performs as a means of self-expression and communication;

H.11 demonstrates a willingness to participate in performance, composition, musicology and aural activities;

H.12 demonstrates a willingness to accept and use constructive criticism.

English EAL/D HSC Examination Specifications (External HSC Examination)

The examination will consist of two written papers worth 85 marks and a listening paper worth 15 marks.

Paper 1: Module A and Focus on writing (The paper consists of two sections)

Section I: Module A – Texts and human experiences (30 marks)

Part A (15 marks)

There will be three or four questions based on stimulus and/or unseen texts related to module A.

Part B (15 marks)

There will be one question based on stimulus and/or unseen texts.

Section II: Focus on writing (15 marks)

There will be one question which will require an imaginative, discursive, persuasive or informative response.

Paper 2: Module B and module C

Section I: Module B Language, identity, and culture (20 marks)

There will be one question based on the candidate's prescribed text.

Section II: Module C - Close study of texts (20 marks)

There will be one question based on the candidate's prescribed text.

Listening paper (15 marks)

There will be four to six questions which require short answer or objective responses. Questions will assess the ability of candidates to listen with understanding and to respond to a range of verbal cues.

ENGLISH EAL/D OUTCOMES

EAL12-1A	responds to, composes, and evaluates a range of complex and sustained texts for understanding, interpretation, critical analysis, imaginative expression, and pleasure
EAL12-1B	communicates information, ideas, and opinions in a range of familiar and unfamiliar personal, social and academic contexts
EAL12-2	uses, evaluates, and justifies processes, skills, and knowledge necessary for responding to and composing a wide range of texts in different media and technologies
EAL12-3	identifies, selects, and uses language forms, features and structures of texts appropriate to a range of purposes, audiences and contexts, and analyses and evaluates their effects on meaning
EAL12-4	applies and adapts knowledge, skills and understanding of literary devices, language concepts and mechanics into new and different contexts
EAL12-5	thinks imaginatively, creatively, interpretively, and critically to respond to, represent and evaluate complex ideas, information, and arguments in a wide range of texts
EAL12-6	investigates and evaluates the relationships between texts
EAL12-7	integrates understanding of the diverse ways texts can represent personal and public worlds
EAL12-8	analyses and evaluates cultural references and perspectives in texts and examines their effects on meaning
EAL12-9	reflects on, assesses, and monitors own learning and refines individual and collaborative processes as an independent learner

ENGLISH EXTENSION 1	Task Number	Task 1	Task 2	Task 3
	When	Term 1 2024 Week 2	Term 2 2024 Week 2	Term 3 2024 Weeks 2/3
Literary Worlds Elective 2: Worlds of Upheaval	Type of Task	Multimodal	Critical	Trial HSC
Syllabus Components	Outcomes/ Weightings	EE12-2, EE12-3, EE12-4	EE12-1, EE12-2, EE12-4	EE12-3, EE12-4, EE12-5
Knowledge and understanding of complex texts and of how and why they are valued Skills in: -Complex analysis -Sustained composition Independent investigation	25 25	15	15	20
TOTAL	50	15	15	20

ENGLISH EXTENSION 1 – EXTERNAL EXAMINATION SPECIFICATIONS - Elective 2: Worlds of Upheaval

Written Examination (50 marks)

Time allowed: 2 hours (plus 10 minutes reading time)

- There will be TWO sections
 - Section I is Common Module: Literary Worlds
 - This may have an unseen text or texts AND/OR stimuli
 - It may be ONE question with two parts or styles of writing
 - Section II is Elective 2: Worlds of Upheaval
 - Extended critical response
- Both sections are of equal value – 25 marks

ENGLISH EXTENSION 1 – OBJECTIVES AND OUTCOMES

EE12-1 demonstrates and applies insightful understanding of the dynamic, often subtle, relationship between text, purpose, audience, and context, across a range of modes, media, and technologies

EE12-2 analyses and experiments with language forms, features and structures of complex texts, discerningly evaluating their effects on meaning for different purposes, audiences, and contexts

EE12-3 independently investigates, interprets, and synthesises critical and creative texts to analyse and evaluate different ways of valuing texts in order to inform and refine response to and composition of sophisticated texts

EE12-4 critically evaluates how perspectives, including the cultural assumptions and values that underpin those perspectives, are represented in texts

EE12-5 reflects on and evaluates the development of their conceptual understanding and the independent and collaborative writing and creative processes

ENGLISH EXTENSION 2	Task Number	Task 1	Task 2	Task 3
	When	Term 1 2024 Week 2	Term 2 2024 Week 2	Term 2 2024 Week 10
	Type of Task	Viva Voce	Report	Draft MW & RS
Syllabus Components	Outcomes	EEX12-1, EEX12-4	EEX12-2, EEX12-3	EEX12-1, EEX12-5
Viva Voce	10	10		
Report	15		15	
Draft MW & RS	25			25
TOTAL	50	10	15	25

In English Extension 2 students develop a sustained composition, and document and reflect on this process in a Major Work Journal, which is a requirement of the course and needs to be submitted alongside their final submission.

ENGLISH EXTENSION 2 – OBJECTIVES AND OUTCOMES

- EEX12-1 demonstrates a deep understanding of the dynamic relationship between text, composer, audience and context through the conceptualisation and execution of an extended composition using appropriate mode, medium and technology
- EEX12-2 strategically and effectively manipulates language forms and features to create a substantial extended composition for a specific purpose, audience, and context
- EEX12-3 applies knowledge, understanding and insight, refined through analysis, interpretation, criticism, and evaluation of strategically chosen texts, to shape new meaning in an original composition
- EEX12-4 undertakes extensive independent investigation to articulate a personal perspective that explores, challenges, speculates or evaluates a significant situation, event, or idea
- EEX12-5 reflects on and evaluates the composition process and the effectiveness of their own published composition

TOTAL	100	20	25	25	30

BUSINESS STUDIES – OBJECTIVES AND OUTCOMES

A student:

- H1 critically analyses the role of business in Australia and globally
- H2 evaluates management strategies in response to changes in internal and external influences
- H3 discusses the social and ethical responsibilities of management
- H4 analyses business functions and processes in large and global businesses
- H5 explains management strategies and their impact on businesses
- H6 evaluates the effectiveness of management in the performance of businesses
- H7 plans and conducts investigations into contemporary business issues
- H8 organises and evaluates information for actual and hypothetical business situations
- H9 communicates business information, issues and concepts in appropriate formats
- H10 applies mathematical concepts appropriately in business situations

TOTAL	100	20	25	25	30

ECONOMICS – OBJECTIVES AND OUTCOMES

A student:

- H1: demonstrates understanding of economic terms, concepts, and relationships
- H2: analyses the economic role of individuals, firms, institutions, and governments
- H3: explains the role of markets within the global economy
- H4: analyses the impact of global markets on the Australian and global economies
- H5: discusses policy options for dealing with problems and issues in contemporary and hypothetical contexts
- H6: analyses the impact of economic policies in theoretical and contemporary Australian contexts
- H7: evaluates the consequences of contemporary economic problems and issues on individuals, firms, and governments
- H8: applies appropriate terminology, concepts, and theories in contemporary and hypothetical economic contexts
- H9: selects and organises information from a variety of sources for relevance and reliability
- H10: communicates economic information, ideas, and issues in appropriate forms
- H11: applies mathematical concepts in economic contexts
- H12: works independently and in groups to achieve appropriate goals in set timelines

GEOGRAPHY	Task Number	Task 1	Task 2	Task 3	Task 4

TOTAL	100	20	25	25	30

GEOGRAPHY – OBJECTIVES AND OUTCOMES

A student:

H1: explains the changing nature, spatial patterns and interaction of ecosystems, urban places and economic activity

H2: explains the factors which place ecosystems at risk and the reasons for their protection

H3: analyses contemporary urban dynamics and applies them in specific contexts

H4: analyses the changing spatial and ecological dimensions of an economic activity

H5: evaluates environmental management strategies in terms of ecological sustainability

H6: evaluates the impacts of, and responses of people to, environmental change

H7: justifies geographical methods applicable and useful in the workplace and relevant to a changing world

H8: plans geographical inquiries to analyse and synthesise information from a variety of sources

H9: evaluates geographical information and sources for usefulness, validity and reliability

H10: applies maps, graphs and statistics, photographs and fieldwork to analyse and integrate data in geographical contexts

H11: applies mathematical ideas and techniques to analyse geographical data

H12: explains geographical patterns, processes and future trends through appropriate case studies and illustrative examples

H13: communicates complex geographical information, ideas and issues effectively, using appropriate written and/or oral, cartographic and graphic forms.

► Assessment of PIP Process

The Personal Interest Project (PIP) is an integral part of the HSV Society and Culture course. Under the syllabus, no part of the PIP product is part of the school-based assessment program. However, schools are required to have procedures in place to ensure effective supervision of the students' PIPs. This is done by requiring students to periodically report on their progress with the PIP. This is done by requiring students to periodically report on their progress with the PIP. Students will be required to submit proposals, PIP diaries, progress reports and/or drafts of chapters of the PIP according to a set schedule. Failure of a student to submit any such proposal or draft by its due date may result in the issuance of an N Award; repeat failures may jeopardise the certification or endorsement of the student's PIP.

SOCIETY AND CULTURE – OBJECTIVES AND OUTCOMES

A student:

H1: evaluates and effectively applies social and cultural concepts;

H2: explains the development of personal, social and cultural identity;

H3: analyses relationships and interactions within and between social and cultural groups;

H4: PIP assesses the interaction of personal experience and public knowledge in the development of social and cultural literacy;

H5: analyses continuity and change and their influence on personal and social futures;

H6: evaluates social and cultural research methods for appropriateness to specific research tasks;

H7: selects, organises, synthesises and analyses information from a variety of sources for usefulness, validity and bias;

H8: PIP uses planning and review strategies to conduct ethical social and cultural research that is appropriate for tasks ranging from the

simple to the complex;

H9: applies complex course language and concepts appropriate for a range of audiences and contexts;

H10: communicates complex information, ideas and issues using appropriate written oral and graphic forms.

CHINESE AND LITERATURE – OBJECTIVES AND OUTCOMES

A student:

1. Exchanges information, opinions, and experiences in Chinese:

- 1.1 conveys information appropriate to context purpose and audience;
- 1.3 exchanges and justifies opinions and ideas.

2. Expresses ideas through the production of original texts in Chinese:

- 2.1 sequences and structures information and ideas;
- 2.2 uses a variety of features to convey meaning;
- 2.3 produces texts appropriate to context, purpose and audience;
- 2.4 produces texts which are persuasive, creative and discursive.

3. Analyses, processes, and responds to a range of texts that are in Chinese:

- 3.1 identifies main points and detailed items of specific information;
- 3.2 summarises and interprets information and ideas;
- 3.3 infers points of view, values, attitudes and emotions from features of language in texts;
- 3.4 compares and contrasts aspects of texts;
- 3.5 presents information in a different form and/or for a different audience;
- 3.6 explains the influence of context in conveying meaning;
- 3.7 recognises, analyses and evaluates the effectiveness of a variety of features in texts;
- 3.8 responds to texts personally and critically.

4.1 Understands aspects of the language and culture of Chinese-speaking communities:

- 4.1 examines and discusses sociocultural elements in texts;
- 4.2 recognise and employs language appropriate to different sociocultural contexts;
- 4.3 compares and contrasts Australian and Chinese communities.

A student:

Exchanges information, opinions and experiences in Chinese

- 1.1 uses a range of strategies to maintain communication;
- 1.2 conveys information appropriate to context, purpose and audience;
- 1.3 exchanges and justifies opinions and ideas;
- 1.4 reflects on aspects of past, present and future experience.

Expresses ideas through the production of original texts in Chinese

- 2.1 applies knowledge of language structures to create original text;
- 2.2 composes informative, descriptive, reflective, persuasive or evaluative texts appropriate to context, purpose and/or audience;
- 2.3 structures and sequences ideas and information.

Analyses, process and responds to texts that are in Chinese

- 3.1 conveys the gist of texts and identifies specific information;
- 3.2 summarises the main ideas;
- 3.3 identifies the tone, purpose, context and audience;
- 3.4 draws conclusions from or justifies an opinion;
- 3.5 interprets, analyses and evaluates information;
- 3.6 infers points of view, attitudes or emotions from language and context.

Understands aspects of the language and culture of Chinese-speaking Communities

- 4.1 recognises and employs language appropriate to different social contexts;
- 4.2 identifies values, attitudes and beliefs of cultural significances;
- 4.3 reflects upon significant aspects of language and culture.

FRENCH BEGINNERS – OBJECTIVES AND OUTCOMES

A student:

Interacting

- 1.1 establishes and maintains communication in French;
- 1.2 manipulates linguistic structures to express ideas effectively in French;
- 1.3 sequences ideas and information;
- 1.4 applies knowledge of the culture of French-speaking communities to interact appropriately

Understanding texts

- 2.1 understands and interprets information in texts using a range of strategies;
- 2.2 conveys the gist of an identifies specific information in texts;
- 2.3 summarise the main points of a text;
- 2.4 draws conclusions from or justifies an opinion about a text;
- 2.5 identifies the purpose, context an audience of a text;
- 2.6 identifies and explains aspects of the culture of French-speaking communities in texts;

Producing texts

- 3.1 produces texts appropriate to audience, purpose and context;
- 3.2 structures and sequences ideas and information;
- 3.3 applies knowledge of diverse linguistic structures to convey information and express original ideas in French;
- 3.4 applies knowledge of the culture of French-speaking communities to the production of texts.

- 2.3 structures and sequences ideas and information.

Analyses, processes and responds to texts that are in French:

- 3.1 conveys the gist of texts and identifies specific information;
- 3.2 summarises the main issues;
- 3.3 identifies the tone, purpose, context and audience;
- 3.4 draws conclusions from or justifies an opinion;
- 3.5 interprets, analyses and evaluates information;
- 3.6 infers points of view, attitudes or emotions from language and context.

Understands aspects of the language and culture of French-speaking communities:

- 4.1 recognises and employs language appropriate to different social contexts;
- 4.2 identifies values, attitudes and beliefs of cultural significance;
- 4.3 reflects upon significant aspects of language and culture.

ITALIAN BEGINNERS – OBJECTIVES AND OUTCOMES

A student:

Interacting

- 1.1 establishes and maintains communication in Italian;
- 1.2 manipulates linguistic structures to express ideas effectively in Italian;
- 1.3 sequences ideas and information;
- 1.4 applies knowledge of the culture of Italian-speaking communities to interact appropriately.

Understanding texts

- 2.1 understands and interprets information in texts using a range of strategies;
- 2.2 conveys the gist of and identifies specific information in texts;
- 2.3 summarises the main points of a text;
- 2.4 draws conclusions from or justifies an opinion about a text;
- 2.5 identifies the purpose, context and audience of a text;
- 2.6 identifies and explains aspects of the culture of Italian-speaking communities in texts.

Producing texts

- 3.1 produces texts appropriate to audience, purpose and context;
- 3.2 structures and sequences ideas and information;
- 3.3 applies knowledge of diverse linguistic structures to convey information and express original ideas in Italian;
- 3.4 applies knowledge of the culture of Italian-speaking communities to the production of texts.

ITALIAN CONTINUERS – OBJECTIVES AND OUTCOMES

A student:

Exchanges information, opinions, and experiences in Italian:

- 1.1 uses a range of strategies to maintain communication;
- 1.2 conveys information appropriate to context purpose and audience;
- 1.3 exchanges and justifies opinions and ideas;
- 1.4 reflects on aspects of past, present, and future experience.

Expresses ideas through the production of original texts in Italian:

- 2.1 applies knowledge of language structures to create original text;
- 2.2 composes informative, descriptive, reflective, persuasive or evaluative texts appropriate to context, purpose and/or audience;
- 2.3 structures and sequences ideas and information.

Analyses, processes, and responds to texts that are in Italian:

- 3.1 conveys the gist of texts and identifies specific information;
- 3.2 summarises the main issues;
- 3.3 identifies the tone, purpose, context and audience;
- 3.4 draws conclusions from or justifies an opinion;
- 3.5 interprets, analyses and evaluates information;
- 3.6 infers points of view, attitudes or emotions from language and context.

Understands aspects of the language and culture of Italian-speaking communities:

- 4.1 recognises and employs language appropriate to different social contexts;
- 4.2 identifies values, attitudes and beliefs of cultural significance;
- 4.3 reflects upon significant aspects of language and culture.

- 4.3 reflects upon significant aspects of language and culture.

MATHEMATICS

MATHEMATICS – Summary of all Course Assessment Policy

The mandatory components and weightings for all HSC mathematics courses are set out below:

Component	Weighting
Understanding, fluency, and communication	50%
Problem solving, reasoning and justification	50%
Total	100%

Measuring attainment of the assessment components will involve assessing a student's ability in relation to aspects of the mathematics course such as:

UNDERSTANDING:

Make connections between experiences and related concepts, and progressively expand and develop ideas

FLUENCY:

Recall factual knowledge and concepts, and select and apply appropriate procedures flexibly, accurately, and efficiently

COMMUNICATION:

Describe, represent, formulate, express, and explain mathematical situations, concepts, methods and solutions to problems using a variety of presentations utilising appropriate language, notation and diagrams

PROBLEM SOLVING:

Interpret, formulate, investigate, model, and solve problems, using mathematics in simple and complex, familiar and unfamiliar situations

REASONING:

Analyse, evaluate, explain, infer, generalise, deduce, and reach conclusions

JUSTIFICATION:

Justify strategies and strategic thinking used, conclusions reached and explain the reasonableness of findings, proving results where appropriate.

**The Preliminary course is regarded as assumed knowledge that has been covered by all candidates.
The major focus of assessments will be on HSC course content however some Preliminary work may be included.**

The assessment mark for Mathematics Advanced will be out of 100.

MATHEMATICS ADVANCED – OBJECTIVES AND OUTCOMES

A student:

- uses detailed algebraic and graphical techniques to critically construct, model and evaluate arguments in a range of familiar and unfamiliar contexts **MA12-1**
- models and solves problems and makes informed decisions about financial situations using mathematical reasoning and techniques **MA12-2**
- applies calculus techniques to model and solve problems **MA12-3**
- applies the concepts and techniques of arithmetic and geometric sequences and series in the solution of problems **MA12-4**
- applies the concepts and techniques of periodic functions in the solution of problems involving trigonometric graphs **MA12-5**
- applies appropriate differentiation methods to solve problems **MA12-6**
- applies the concepts and techniques of indefinite and definite integrals in the solution of problems **MA12-7**
- solves problems using appropriate statistical processes **MA12-8**
- chooses and uses appropriate technology effectively in a range of contexts, models and applies critical thinking to recognise appropriate times for such use **MA12-9**
- constructs arguments to prove and justify results and provides reasoning to support conclusions which are appropriate to the context **MA12-10**

The assessment mark for Mathematics Extension 1 will be out of 50 for students studying Mathematics Advanced and Mathematics Extension 1.

Mathematics Extension 1: Students sit all Mathematics Advanced tasks as well as all Mathematics Extension 1 tasks.

MATHEMATICS EXTENSION 1 – OBJECTIVES AND OUTCOMES

A student:

- applies techniques involving proof or calculus to model and solve problems **ME12-1**
- applies concepts and techniques involving vectors and projectiles to solve problems **ME12-2**
- applies advanced concepts and techniques in simplifying expressions involving compound angles and solving trigonometric equations **ME12-3**
- uses calculus in the solution of applied problems, including differential equations and volumes of solids of revolution **ME12-4**
- applies appropriate statistical processes to present, analyse and interpret data **ME12-5**
- chooses and uses appropriate technology to solve problems in a range of contexts **ME12-6**
- evaluates and justifies conclusions, communicating a position clearly in appropriate mathematical forms **ME12-7**

The assessment mark for Mathematics Extension 2 will be out of 100.

Mathematics Extension 2: Students sit the Mathematics Advanced Task 1, all Mathematics Extension 1 tasks, as well as all Mathematics Extension 2 tasks.

MATHEMATICS EXTENSION 2 – OBJECTIVES AND OUTCOMES

A student:

- understands and uses different representations of numbers and functions to model, prove results and find solutions to problems in a variety of contexts **MEX12-1**
- chooses appropriate strategies to construct arguments and proofs in both practical and abstract settings **MEX12-2**
- uses vectors to model and solve problems in two and three dimensions **MEX12-3**
- uses the relationship between algebraic and geometric representations of complex numbers and complex number techniques to prove results, model and solve problems **MEX12-4**
- applies techniques of integration to structured and unstructured problems **MEX12-5**
- uses mechanics to model and solve practical problems **MEX12-6**
- applies various mathematical techniques and concepts to model and solve structured, unstructured, and multi-step problems **MEX12-7**
- communicates and justifies abstract ideas and relationships using appropriate language, notation, and logical argument **MEX12-8**

MATHEMATICS STANDARD 2 – OBJECTIVES AND OUTCOMES

A student:

- uses detailed algebraic and graphical techniques to critically evaluate and construct arguments in a range of familiar and unfamiliar contexts **MS2-12-1**
- analyses representations of data in order to make inferences, predictions and draw conclusions **MS2-12-2**
- interprets the results of measurements and calculations and makes judgements about their reasonableness, including the degree of accuracy and the conversion of units where appropriate **MS2-12-3**
- analyses two-dimensional and three-dimensional models to solve practical problems **MS2-12-4**
- makes informed decisions about financial situations, including annuities and loan repayments **MS2-12-5**
- solves problems by representing the relationships between changing quantities in algebraic and graphical forms **MS2-12-6**
- solves problems requiring statistical processes, including the use of the normal distribution and the correlation of bivariate data **MS2-12-7**
- solves problems using networks to model decision-making in practical problems **MS2-12-8**
- chooses and uses appropriate technology effectively in a range of contexts, and applies critical thinking to recognise appropriate times and methods for such use **MS2-12-9**
- uses mathematical argument and reasoning to evaluate conclusions, communicating a position clearly to others and justifying a response **MS2-12-10**

DANCE – OBJECTIVES AND OUTCOMES

H1.1 understands dance from artistic, aesthetic, and cultural perspectives through movement and in written and oral form;

H1.2 performs, composes and appreciates dance as an art form;

H1.3 appreciates and values dance as an art form through the interrelated experiences of performing, composing and appreciating dances;

H1.4 acknowledges and appreciates the relationship of dance and other media;

H2.1 understands performance quality, interpretation and style relating to dance performance;

H2.2 performs dance skills with confidence, commitment, focus, consistency, performance quality and with due consideration of safe dance practices;

H2.3 values the diversity of dance performance;

H3.1 identifies and selects the appropriate elements of composition/choreography in response to a specific concept/intent;

H3.2 demonstrates the use of the elements of compositional principles and technological skills in a personal style in response to a specific concept/intent;

H3.3 recognises and values the role of dance in achieving individual expression;

H3.4 explores, applies and demonstrates the combined use of compositional principles and technological skills in a personal style in response to a specific concept/intent;

H4.1 understands the concept of differing artistic, social and cultural contexts of dance;

H4.2 recognises, analyses and evaluates the distinguishing features of major dance works;

H4.3 utilises the skills of research and analysis to examine dance as an art form;

H4.4 demonstrates in written and oral form, the ability to analyse and synthesise information when making discriminating judgements about dance;

H4.5 acknowledges that the art form of dance is enhanced through reflective practice, study and evaluation

	When	Term 4 2023 Week 8	Term 1 2024 Week 8	Term 2 2024 Week 8	Term 3 2024 Weeks 2/3
	Type of Task	In Class Essay	In Class Test	Research Report	Trial HSC
Syllabus Components	Outcomes	H8, H9, H13, H17	H1, H7, H9, H10, H11, H12, H14, H16	H1, H2, H3, H4, H5, H6, H14, H15, H16	All outcomes addressed in Trial exam
Sports Medicine	20	15			5
Factors affecting Performance	30	5	15		10
Health Priorities in Australia	30		10	10	10
The Health of Young People	20			15	5
TOTAL	100	20	25	25	30

PD/H/PE – OBJECTIVES AND OUTCOMES

- H1 describes the nature, and justifies the choice, of Australia's health priorities
- H2 analyses and explains the health status of Australians in terms of current trends and groups most at risk
- H3 analyses the determinants of health and health inequities.
- H4 argues the case for the new public health approach to health promotion
- H5 explains the different roles and responsibilities of individuals, communities, and governments in addressing Australia's health priorities
- H6 demonstrates a range of personal health skills that enables them to promote and maintain health
- H7 explains the relationship between physiology and movement potential
- H8 explains how a variety of training approaches and other interventions enhance performance and safety in physical activity
- H9 explains how movement skill is acquired and appraised
- H10 designs and implements training plans to improve performance
- H11 designs psychological strategies and nutritional plans in response to individual performance needs
- H12 analyses the influence of sociocultural factors on the way people participate in and value physical activity and sport
- H13 Selects and applies strategies for the management of injuries and the promotion of safety in sport and physical activity
- H14 argues the benefits of health-promoting actions and choices that promote social justice
- H15 critically analyses key issues affecting the health of Australians and proposes ways of working towards better health for all
- H16 devises methods of gathering, interpreting, and communicating information about health and physical activity concepts.
- H17 selects appropriate options and formulates strategies based on a critical analysis of the factors that affect performance and safe participation

BIOLOGY – OBJECTIVES AND OUTCOMES

BIO11/12-1	develops and evaluates questions and hypotheses for scientific investigation
BIO11/12-2	designs and evaluates investigations in order to obtain primary and secondary data and information
BIO11/12-3	conducts investigations to collect valid and reliable primary and secondary data and information
BIO11/12-4	selects and processes appropriate qualitative and quantitative data and information using a range of appropriate media
BIO11/12-5	analyses and evaluates primary and secondary data and information
BIO11/12-6	solves scientific problems using primary and secondary data, critical thinking skills and scientific processes
BIO11/12-7	communicates scientific understanding using suitable language and terminology for a specific audience or purpose
BIO12-12	explains the structures of DNA and analyses the mechanisms of inheritance and how processes of reproduction ensure continuity of species
BIO12-13	explains natural genetic change and the use of genetic technologies to induce genetic change
BIO12-14	analyses infectious disease in terms of cause, transmission, management, and the organism's response, including the human immune system
BIO12-15	explains non-infectious disease and disorders and a range of technologies and methods used to assist, control, prevent and treat non-infectious disease

CHEMISTRY – OBJECTIVES AND OUTCOMES

A student

- CH11/12-1 develops and evaluates questions and hypotheses for scientific investigation
- CH11/12-2 designs and evaluates investigations in order to obtain primary and secondary data and information
- CH11/12-3 conducts investigations to collect valid and reliable primary and secondary data and information
- CH11/12-4 selects and processes appropriate qualitative and quantitative data and information using a range of appropriate media
- CH11/12-5 analyses and evaluates primary and secondary data and information
- CH11/12-6 solves scientific problems using primary and secondary data, critical thinking skills and scientific processes
- CH11/12-7 communicates scientific understanding using suitable language and terminology for a specific audience or purpose
- CH12-12 explains the characteristics of equilibrium systems, and the factors that affect these systems
- CH12-13 describes, explains, and quantitatively analyses acids and bases using contemporary models
- CH12-14 analyses the structure of, and predicts reactions involving, carbon compounds
- CH12-15 describes and evaluates chemical systems used to design and analyse chemical processes

Outcomes

A student:

- EES11/12-1 develops and evaluates questions and hypotheses for scientific investigation
- EES11/12-2 designs and evaluates investigations in order to obtain primary and secondary data and information
- EES 11/12-3 conducts investigations to collect valid and reliable primary and secondary data and information
- EES 11/12-4 selects and processes appropriate qualitative and quantitative data and information using a range of appropriate media
- EES 11/12-5 analyses and evaluates primary and secondary data and information
- EES 11/12-6 solves scientific problems using primary and secondary data, critical thinking skills and scientific processes
- EES 11/12-7 communicates scientific understanding using suitable language and terminology for a specific audience or purpose
- EES12-12 describes and evaluates the models that show the structure and development of the Earth over its history
- EES12-13 describes and evaluates the causes of the Earth's hazards and the ways in which they affect, and are affected by, the Earth's systems
- EES12-14 analyses the natural processes and human influences on the Earth, including the scientific evidence for changes in climate
- EES12-15 describes and assesses renewable and non-renewable Earth resources and how their extraction, use, consumption, and disposal affect the Earth's systems

PHYSICS – OBJECTIVES AND OUTCOMES

A student:

- PH11/12-1 develops and evaluates questions and hypotheses for scientific investigation
- PH11/12-2 designs and evaluates investigations in order to obtain primary and secondary data and information
- PH11/12-3 conducts investigations to collect valid and reliable primary and secondary data and information
- PH11/12-4 selects and processes appropriate qualitative and quantitative data and information using a range of appropriate media
- PH11/12-5 analyses and evaluates primary and secondary data and information
- PH11/12-6 solves scientific problems using primary and secondary data, critical thinking skills and scientific processes
- PH11/12-7 communicates scientific understanding using suitable language and terminology for a specific audience or purpose
- PH12-12 describes and analyses qualitatively and quantitatively circular motion and motion in a gravitational field, in particular, the projectile motion of particles
- PH12-13 explains and analyses the electric and magnetic interactions due to charged particles and currents and evaluates their effect both qualitatively and quantitatively
- PH12-14 describes and analyses evidence for the properties of light and evaluates the implications of this evidence for modern theories of physics in the contemporary world
- PH12-15 explains and analyses the evidence supporting the relationship between astronomical events and the nucleosynthesis of atoms and relates these to the development of the current model of the atom

DESIGN AND TECHNOLOGY – OBJECTIVES AND OUTCOMES

A student:

H1.1 critically analyses the factors affecting design and the development and success of design projects;

H1.3 relates the practices and processes of designers and producers to the major design project;

H2.1 explains the influence of trends in society on design and production;

H2.2 evaluates the impact of design and innovation on society and the environment;

H3.1 analyses the factors that influence innovation and the success of innovation;

H3.2 uses creative and innovative approaches in designing and producing;

H4.1 identifies a need or opportunity and researches and explores ideas for design development and production of the major design project;

H4.2 selects and uses resources responsibly and safely to realise a quality major design project;

H4.3 evaluates the processes undertaken and the impacts of the major design project;

H5.1 manages the development of a quality major design project;

H5.2 selects and uses appropriate research methods and communication techniques;

H6.1 justifies technological activities undertaken in the major design project and relates these to industrial and commercial practices;

H6.2 critically assesses the emergence and impact of new technologies and the factors affecting their development

ENGINEERING	Task Number	Task 1	Task 2	Task 3	Task 4

ENGINEERING – OBJECTIVES AND OUTCOMES

A student:

- 1.1 describes the scope of engineering and critically analyses current innovations;
- 1.2 differentiates between the properties and structure of materials and justifies the selection of materials in engineering applications;

- 2.1 determines suitable properties, uses and applications of materials, components and processes in engineering;
- 2.2 analyses and synthesises engineering applications in specific fields and reports on the importance of those to society;

- 3.1 demonstrates proficiency in the use of mathematical, scientific and graphical methods to analyse and solve problems of engineering practice;
- 3.2 uses appropriate written, oral and presentation skills in the preparation of detailed engineering reports;
- 3.3 develops and uses specialised techniques in the application of graphics as a communication tool;

- 4.1 investigates the extent of technological change in engineering;
- 4.2 applies knowledge of history and technological change to engineering based problems;

- 5.1 works individually and in teams to solve specific engineering problems and prepare engineering reports;
- 5.2 selects and uses appropriate management and planning skills related to engineering;

- 6.1 demonstrates skills in research and problem-solving related to engineering;
- 6.3 demonstrates skills in analysis, synthesis and experimentation related to engineering.

School Name: Mosman High

Student Competency Assessment Schedule 2024

HOSPITALITY INDUSTRY

Assessment Tasks for Certificate II Cookery SIT20421		Task 2, 3	Task 3	Task 4	Work placement	Trial HSC Exam
		Term 4 2023	Term 1 2024	Term 2 & 3 2024		TBA
		Code	Unit of Competency			
SITHKOP009	Clean kitchen premises and equipment	X			HSC Examinable Units of Competency	
SITXINV006	Receive, store and maintain stock	X				
SITHCCC026	Package prepared foodstuffs	X	X			
SITHCCC023	Use food preparation equipment	X	X			
SITHCCC024	Prepare and present simple dishes	X	X			
SITHCCC027	Prepare dishes using basic methods of cookery	X	X	X		
SITHCCC034	Work effectively in a commercial kitchen	X	X	X		

Students successfully completing this program will be eligible to receive a nationally recognised qualification **SIT20421 Certificate II in Cookery**

Schools may schedule examinations in preparation for the HSC exam. These do not form part of the RTO assessment requirements.

The assessment components in this course are competency based. This means that students need to demonstrate that they have gained and can apply the specific knowledge and skills of each unit of competency. Competency assessment is graded as “not yet competent” or “competent”. In some cases other descriptive words may be used leading up to “competent”. A course mark is not allocated.

INDUSTRIAL TECHNOLOGY Multimedia Technology, Timber Products & Furniture Technology	Task Number	Task 1	Task 2	Task 3	Task 4

INDUSTRIAL TECHNOLOGY – OBJECTIVES AND OUTCOMES

A student:

- 1.1 investigates industry through the study of businesses in one focus area;
- 1.2 identifies appropriate equipment, production and manufacturing techniques;
- 1.3 identified important historical developments in the focus area industry;
- 2.1 demonstrates proficiency in the use of safe working practices and workshop equipment maintenance techniques;
- 3.1 is skilled in sketching, producing and interpreting drawings;
- 3.2 selects and applies appropriate research and problem solving skills practical skills appropriate to the major skills;
- 4.1 demonstrates competency in a range of practical skills appropriate to the major project;
- 4.2 explores the need to outsource appropriate expertise where necessary to complement personal practical skills;
- 4.3 critically applies knowledge and skills related to properties and characteristics of materials/components;
- 5.1 selects and uses communication and information processing skills;
- 5.2 examines and applies appropriate documentation to project management;
- 6.1 evaluates the characteristics of quality manufactured products;
- 6.2 applies the principles of quality and quality control;
- 7.1 evaluates the impact of the focus area industry on the social and physical environment;
- 7.2 analyses the impact of existing, new, and emerging technologies of the focus industry on society and the environment.

SOFTWARE DESIGN & DEVELOPMENT	Task Number	Task 1	Task 2	Task 3	Task 4

Knowledge and understanding of course content	50	10	10	10	20
Knowledge and skills in the design and development of software solutions	50	10	10	20	10
TOTAL	100	20	20	30	30

SOFTWARE DESIGN & DEVELOPMENT – OBJECTIVES AND OUTCOMES

A student:

- H1.1 explains the interrelationship between hardware and software;
- H1.2 differentiates between various methods used to construct software solutions;
- H1.3 describes how the major components of a computer system store and manipulate data;
- H2.1 explains the implications of the development of different languages;
- H2.2 explains the interrelationship between emerging technologies and software development;
- H3.1 identifies and evaluates legal, social and ethical issues in a number of contexts;
- H3.2 constructs software solutions that address legal, social and ethical issues;
- H4.1 identifies needs to which software solutions are appropriate;
- H4.2 applies appropriate development methods to solve software problems;
- H4.3 applies a modular approach to implement well-structured software solutions and evaluates their effectiveness;
- H5.1 applies project management techniques to maximise the productivity of the software development;
- H5.2 creates and justifies the need for the various types of documentation required for a software solution;
- H5.3 selects and applies appropriate software to facilitate the design and development of software solutions;
- H6.1 assesses the skills required in the software development cycle;
- H6.2 communicates the processes involved in a software solution to an inexperienced user;
- H6.3 uses and describes a collaborative approach during the software development cycle;
- H6.4 develops and evaluates effective user interfaces, in consultation with appropriate people.

TEXTILES AND DESIGN	Task Number	Task 1	Task 2	Task 3	Task 4
	When	Term 4 2023 Week 8	Term 1 2024 Week 8	Term 2 2024 Week 8	Term 3 2024 Weeks 2/3
	Type of Task	MTP Oral Presentation	Case Study Report	Fibre/Fabric Analysis	Trial HSC
Syllabus Components	Outcomes Component Weightings	H1.1, H1.2, H2.2	H5.1, H6.1	H2.1, H3.1, H4.1, H4.2	H1.1, H1.3, H2.3, H3.2, H5.1, H5.2, H6.1
Knowledge and Understanding	50	5	10	5	30
Skills and knowledge	50	20	10	20	
TOTAL	100	25	20	25	30

TEXTILES AND DESIGN – OBJECTIVES AND OUTCOMES

A student:

- 1.1 critically analyses and explains the factors that have contributed to the design and manufacture of the major textiles project;
- 1.2 designs a textile item(s) that demonstrates and understanding of functional and aesthetic requirements;
- 1.3 identifies the principles of colouration for specific end-uses;

- 2.1 communicates design concepts and manufacturing specification to both technical and non-technical audiences;
- 2.2 demonstrates proficiency in the manufacture of a textile item(s);
- 2.3 effectively manages the design and manufacture of a major textiles project to completion;

- 3.1 explains the interrelationship between fabric, yarn and fibre properties;
- 3.2 develops knowledge and awareness of emerging textile technologies;

- 4.1 justifies the selection of fabric, yarn, fibre and fabric finishing techniques for specific end-uses;
- 4.2 selects and justifies manufacturing techniques, materials and equipment for a specific end-use;

- 5.1 investigates and describes aspects of marketing in the textile industry;
- 5.2 analyses and discusses the impact of current issues on the Australian textiles industry.

- 6.1 analyses the influence of historical, cultural and contemporary developments on textiles;

VISUAL ARTS

VISUAL ARTS	Task Number	Task 1	Task 2	Task 3	Task 4

Syllabus Components	Outcomes Component Weightings	7, 8, 9, 10	1, 2, 3, 4, 5, 6, 7, 8, 9, 10	7, 8, 9, 10	1, 2, 3, 4, 5, 6
Artmaking	50	10	10		30
Art Criticism and Art History	50	15	10	25	
TOTAL	100	25	20	25	30

Case Study 1: Term 4 'Themes and Concepts in Art': informs BOW

Case Study 2: Term 1 'Post – Modernism'

Case Study 3: Term 2 'Great Exhibitions'

Case Study 4: Term 3 'From Caves to Virtual Reality': Why the Artists Practice, Conceptual Framework and the Frame?

Case Study 5: 'Critique exhibition' current exhibition AGNSW / MCA

Note: The same outcomes may be assessed for more than one task. Formative tasks may not be assessable but are compulsory learning experiences.

* Students are responsible to maintain a steady work progress and action will be taken if this is not maintained.

VISUAL ART – OBJECTIVES AND OUTCOMES

A student:

1. initiates and organises art making practice that sustained, reflective and adapted to suit particular conditions;
2. applies their understanding of the relationship-s among the artist, artwork, world and audience through the making of a body of work;
3. demonstrates an understanding of the frames when working independently in the making of art;
4. selects and develops subject matter and forms in particular ways as representations in art making;
5. demonstrates conceptual strength in the production of a body of work that exhibits coherence and may be interpreted in a range of ways;
6. demonstrates technical accomplishment, refinement and sensitivity appropriate to the artistic intentions within a body of work;
7. applies their understanding of the relationships among the artist, artwork, world and audience;
8. demonstrates an understanding of how the frames provide for different orientations in the visual arts.

VOCATIONAL EDUCATION ASSESSMENT POLICY

Vocational Education Training (VET) courses are dual accredited courses. Students have the opportunity to be awarded with:

- Units towards Preliminary and HSC qualifications;
- Competencies which can lead to a Statement of Attainment, Certificate 1,2,3 which is awarded under the Australian Qualifications Framework (AQF).

Students will be assessed in both areas during each VET course.

AQF ASSESSMENT

All industry curriculum framework courses are assessed under the national competency standards that have been determined by industry for inclusion in the framework training packages.

Competency based assessment means that students work to develop the competencies, skills and knowledge described in each unit of competency to be assessed as competent. A student must demonstrate to a qualified assessor that they can effectively carry out various tasks and combinations of tasks listed to the standard required in the appropriate industry. There is no mark awarded in competency based on assessment. Students are assessed as either competent or not yet competent.

Demonstrating competence means that you can perform the task or show an understanding to the level required by the industry standards. The units of competency achieved will be competencies on a vocation qualification.

Students will be involved in a variety of assessment tasks ranging from practical tasks to written tests. If students are deemed not competent at that time, they will be given at least one further opportunity at an agreed time to be re-assessed. There are a number of competencies that may only be offered once during the course due to their:

- WHS requirement
- Cost
- Time frame
- Supervision required
- Resource availability

HIGHER SCHOOL CERTIFICATE (HSC)

Students will be awarded units towards their Preliminary and HSC studying a VET course.

Some VET courses e.g., curriculum framework courses will allow students to include a mark from the written HSC examination which can be used in the calculation of the ATAR. As with all HSC courses, NSW Education Standards Authority (NESA) procedures apply to all VET courses (refer to school NESA procedures).

VET courses will be listed on the HSC Certificate Record of Achievement. No mark will be listed for the achievement of competency, AQF qualification will be assessed by NESA.

For students who have undertaken the HSC examination, a scaled examination mark will be recorded on the HSC Certificate. No school-based assessment mark will be recorded.

No assessment mark for VET courses is required by NESA. An estimated examination mark for students entered for the HSC written examination must be submitted; this mark will be used only in the case of an illness/disadvantage appeal.

The estimated mark will reflect each student's achievement on one or more written tasks, similar in nature to the HSC examination. A trial HSC examination mark would be a suitable task.

WORK PLACEMENT

Work placement is a mandatory HSC requirement of curriculum framework VET courses. Appropriate hours are as follows:

- 120 hours course – minimum of 35 hours in a workplace;
- 240 hour course – minimum of 70 hours in a workplace;
- 60 hour course (extension) – minimum of 14 hours in a workplace.

Failure to comply with the HSC mandatory workplace hours will mean that students have not fulfilled the NESA course requirements. Penalties will occur if mandatory hours are not met. Learning in the workplace will enable students:

- Progress towards the achievement of industry competencies;
- Develop appropriate attitude towards work;
- Learn a range of behaviours appropriate to the industry;
- Practice skills acquired off the job in a classroom or workshop;
- Develop additional skills and knowledge, including key competencies.

Note: *Entertainment Industry course* permissible for up to 50% of work placement to be undertaken in other entertainment production environments intended for public performance, including school productions. Evidence must be documented and authorised by school.

ASSESSMENT SCHEDULE

Information regarding mandatory assessment tasks will be set out in an assessment schedule. These tasks will be used as evidence of competency. Refer to the School Assessment Booklet.

APPEALS PROCEDURE

Normal assessment appeals procedures will apply for VET courses. Refer to the School Assessment Booklet.

ATTACHMENT 1 (HSC NESAS REQUIREMENTS)

The requirements of the Education Act 1990 and as prescribed by the NSW Education Standards Authority in relation to New South Wales Higher School Certificate:

The **Education Act 1990** provides for the Higher School Certificate to be awarded by the NSW Education Standards Authority to students who have:

1. gained a Record of School Achievement (or other qualifications considered satisfactory by NESAS);
2. attended a government school (or registered and accredited non-government school)
3. participated, to the NESAS's satisfaction;
4. undertaken the requisite examinations or other forms of assessment;
5. complied with any requirements prescribed by the regulations or any requirements imposed by the Minister or NESAS.

NESAS may refuse to grant a Higher School Certificate to a student whose attendance or application at school has been of such an unsatisfactory character that the award of the certificate would not, in the opinion of NESAS, be justified.

The **Curriculum** during Year 11 and Year 12 for students who are candidates for the Higher School Certificate must meet the following requirements:

1. courses of study of a general description determined by the Minister on the recommendation of NESAS are to be provided for each student in each year;
2. those courses of study are to include a course of study in English;
3. those courses of study are to comply with a pattern of study determined by the Minister on the recommendation of NESAS;
4. those courses of study are to be taught in accordance with a syllabus developed or endorsed by NESAS and approved by the Minister.

ATTACHMENT 2 (HSC 2024 CHECKLIST)

Pattern of study requirements checklist for the 2024 Higher School Certificate:

NOTE: All requirements apply to BOTH Preliminary and HSC course patterns for the 2024 Higher School Certificate.

Do you, who complete the Higher School Certificate in 2024, meet the following **PATTERN OF STUDY** requirements?

1. At least twelve Preliminary and ten HSC units of study.
2. At least two (2) units of a NESA developed course in English.
3. At least four (4) subjects.
4. At least six (6) units of NESA developed courses.
5. At least three (3) courses of two (2) unit value or greater (may be NESA developed and/or NESA endorsed courses).
6. A student may count a maximum of six (6) Preliminary units and six (6) HSC units from courses in science.
7. Beginners language course only if minimal previous study or knowledge of the language.
8. NESA endorsed courses have current endorsement.
9. Students are not enrolled in NESA developed and/or NESA endorsed course combinations which are the subject of NESA exclusions.

Reminder

1. Students seeking an ATAR (Australian Tertiary Assessment Rank (in 2024 must have ten (10) units of NESA developed HSC courses and meet the University course requirements (refer Official Notice BOS 34/01: Board Bulletin Vol.10, No.21 and **current** UAC publications).

NB: NESA endorsed courses and content endorsed courses, including some vocational content endorsed courses, do not satisfy requirements for a UAI.

2. Schools should note that additional departmental curriculum requirements (e.g., sport, religious education, 25 hours of PD/H/PE etc.) or conditions of enrolment at school are not requirements for Higher School Certificate credentialing as determined by the NSW Education Standards Authority as the Statutory Higher School Certificate Credentialing Authority.
3. Schools will need to ensure that NESA requirements are met in cases of accumulation, acceleration, repetition, recognition of prior learning and in any cases of unsatisfactory completion of course requirements.
4. It should be recognised that students following a special program of study will be eligible for the award of the Higher School Certificate. The completion of a transition – planning process for each student is a condition of access to a special program of study involving Life Skills courses for Stage 6. Principals will be required to certify on the Preliminary and HSC entry forms that enrolment of the student in Life Skills courses for Stage 6 is the result of an individual transition-planning process.

ATTACHMENT 3

Application to Head Teacher for consideration in relation to an Assessment Task or Examination

Students must apply for consideration regarding any missed assessment task or examination. Documentation, as detailed in the MHS Assessment Policies Booklet, must accompany any application. The Head Teacher and the faculty involved will consider each application on its merits, and the student will be advised of the outcome via this form.

Note that in the event that an assessment task/examination is missed, it is the responsibility of the student to notify the school without delay and to contact the relevant Head Teacher on the **first** day of attendance, after the missed task. Refer to point 6 of Rules of Assessment. If the consideration is granted then, as written in the Assessment policies booklet:

- a substitute task/exam may be granted, **or**
- an estimate may be given.

If, after careful consideration, the student, and/or parent(s) consider that there are grounds to appeal the Head Teacher's decision, the section of the form relating to appeals should be completed and submitted with relevant supporting documentation to the Principal. The Principal will form an appeals panel. This panel will meet to determine the outcome of the appeal.

After final deliberations, a copy of the form is to be included in the student's file.

APPLICATION TO HEAD TEACHER FOR CONSIDERATION IN RELATION TO AN ASSESSMENT TASK/EXAMINATION			
Name: _____	Roll Class: _____
