

Principal's Update – 4 April 2025

Dear all

Well term 1 has certainly been a long but interesting term and students have finally reached the last week.

Both Years 11 and 12 have completed their StuVac assessment weeks and teachers are marking those assessments and writing reports. In fact, all years are completing or have completed their first assessment task for all the subjects they are studying. Just a reminder that the assessment booklet that all students have received outlines (at the back of the book) which week a particular subject's assessment will take place. Then in the front and middle of the book each subject has a page, where your student can read what the assessment will be about.

Week 10 is also a busy week to finish off the term. On Monday night we will hold another Parent Teacher Student night for Year 7. Hopefully, Year 7 parents have made appointments with their student's teachers. The PTS night commences at 4.00 pm and finishes at 7.00 pm. If you are having problems ring the office.

Then on Friday, Years 9 and 10 as part of their history study will be attending the ANZAC ceremony to be held in the school hall. It is also an opportunity for our music ensemble to perform as well.

Later in the day we will hold an evacuation drill. Each term the school practises either an evacuation or a lockdown drill as part of our WHS procedures.

Reports will be completed and released throughout term 2 with Year 12 and Year 11 being the first issued.

As you know in 2024, we added a new feature to the reports which was a student's individual learning goal. Over the past few weeks students have been working with their teachers to identify their personal learning goal for this semester. I encourage you to discuss their goal with your student. It will be placed on the front cover of their report and forms a part of our school supporting the empowerment of students in their learning.

Have a wonderful weekend.

Susan
